

Dear Sirs:

I understand that Sinclair Broadcasting has decided to force their stations to air an anti-Kerry documentary days before the election.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This is an abuse of the public air waves. If every commercial network starts forcing its stations and affiliates to air politically biased material with the intent of influencing the outcome of elections, the public will not be well-served. You can stop Sinclair from letting this genie out of the bottle.

Thank you.
